I am submitting for your consideration the attached plan for Redistricting of the Sacramento County Supervisorial Districts.

I attended the Redistricting Workshop in Fair Oaks and am primarily interested in how redistricting will affect my community. The map submitted keeps unincorporated Fair Oaks intact in one district (District 3), and adds our sister community of Gold River— which is a short walk across the old Fair Oaks Bridge into Fair Oaks Village. Historically, Gold River was the location of the Fair Oaks train depot and the Natomas Company—a primary employer of Fair Oaks residents for much of the 20th century.

I am a 43-year resident of Fair Oaks, a 19-year elected Director of the Fair Oaks Recreation and Park District, and a 10-year veteran of the Fair Oaks CPAC. I have been a member of the Fair Oaks Rotary Club for 34 years and a member of the Fair Oaks Historical Society for 33 years. In these capacities I have gained a strong sense of the community identity.

I hope that the addition of Gold River to District 3, and adjustments to the west end of the District in Arden Arcade will satisfy the needs to balance the population of the various Districts.

If you have questions, please contact me at this email or by phone at 916-276-9321.
